In 1967, he became acquainted with [redacted] in Cucamonga, California. [redacted] described [redacted] as a former Union Steward at the Kaiser Steel Company, who now works as an auditor for a building materials company. [redacted] recently moved to Ontario, California; however, at the time, [redacted] became acquainted with him, he was a part-time bartender. While dining with his wife one night in a place where [redacted] was tending bar, [redacted] suggested he write a story on a friend of his, [redacted] [redacted]. [redacted] thought [redacted] could sell this story to one of the adventure story magazines since [redacted] was an [redacted]

Subsequently, [redacted] contacted [redacted] and began preparing an article for "True" magazine. [redacted] not only informed [redacted] about his life story but also hinted he had information concerning LEE HARVEY OSWALD being part of a conspiracy to kill President KENNEDY. This, of course, intrigued [redacted] who thought he could write another story and have it published along these lines.

About this time, according to [redacted], he began to receive harassment from the "Federal Government," which lasted until 1971. According to [redacted], this harassment consisted of having his mail opened and/or delayed. In this regard, he said he contacted the Assistant Postmaster at Upland, California, who at first denied there was any problem but who subsequently told him the FBI was opening his mail. [redacted] had Post Office Box [redacted] at Upland, California. Further, he felt certain his telephone was being monitored because whenever someone tried to make an outgoing call there were always voices in the background and the sound of some machinery, such as a typewriter. Furthermore, while holding telephone conversations, the operator interrupted on several occasions and indicated either he or a member of his family would have to get off the line because of an emergency. At one time the operator indicated there was an emergency involving a member of his family and he should hang up so that the authorities could contact him. He did so immediately but no call came in. When he tried to check this out, the telephone company and local authorities denied any knowledge of the affair. Also, according to [redacted] he and members of his family were under surveillance by "always two men in dark business suits" during this period of time."

In July, 1971, while he was in the hospital having an operation, two men came to his residence in Upland, California, and displayed what [redacted] believed were FBI credentials. They then entered the residence and proceeded to the bedroom where they forced open a desk by breaking the lock. They said they were looking for "the manuscript," but did not take anything.

~~LAWYER~~ [redacted] stated he received a letter dated 10/7/68 from BERNARD FENSTERWALD, JR., 4036 North 27th Street, Arlington, Virginia, which stated FENSTERWALD was doing research with respect D.C. to the KENNEDY and KING assassinations. FENSTERWALD said it had come to his attention that [redacted] and/or [redacted] may have some very valuable information and it would be appreciated if they could make this available. He entered into correspondence with FENSTERWALD and determined he was a member of a law firm (FENSTERWALD and OHLHAUSEN, 927 15th Street, NW, Washington, D. C., 20005). He also received correspondence on letterhead paper of "COMMITTEE TO INVESTIGATE ASSASSINATIONS," which also had the address of 927 15th Street, Washington, D. C. Subsequently, he met FENSTERWALD and according to [redacted] FENSTERWALD displayed to him FBI credentials. Also during the time he was in the hospital, FENSTERWALD contacted his residence and gave his wife a telephone number where he could be reached in Washington, D. C., which he said was the FBI telephone number. [redacted] claims she verified this was FBI Headquarters in Washington by checking with the telephone company.

b6
b7C

In July, 1971, following his release from the hospital, [redacted] was determined to put an end to the harassment and discussed it with FENSTERWALD. FENSTERWALD told him that the harassment would stop if [redacted] would write him a letter in care of the FBI in Washington, D. C., and state in his letter that he was going to stop investigating the assassination. He was to send a copy of this letter to the Central Intelligence Agency in McLean, Virginia. [redacted] said he did not write this letter but did cease his efforts to prepare a story for publication.

About three months ago, [redacted] moved to Albuquerque. He said he has not suffered any harassment since his move, but his married daughter, [redacted] who remained in Upland, California, with her husband, called him about a week ago and advised she was still being followed. She further stated, according to [redacted], that a friend of hers whose mother works in the Post Office, asked her what sort of scandal her

parents were involved in since the mother had said the FBI had confiscated all of their mail at the Upland Post Office and thus prevented it from being forwarded to [redacted] in Albuquerque.

[redacted] also has been in contact with JAMES GARRISON concerning the alleged KENNEDY assassination plot and advised he learned from GARRISON that FENSTERWALD has held the following positions:

Lieutenant in U. S. Navy;
Chief Legal Advisor to Senator EDWARD LONG of Missouri;
Chief Counsel for the Senate Sub-Committee on
Administrative Practices;

Albuquerque files contain no information concerning [redacted]
[redacted] or his wife, or BERNARD FENSTERWALD, JR. The files
do indicate [redacted]

[redacted] He said he does not know the current whereabouts of [redacted] but felt the San Bernardino Resident Agency would have this information. In this connection, [redacted] stated he would appreciate it if the FBI would not advise either [redacted] or [redacted] that he was furnishing information concerning them to the FBI because he feared they would attempt retaliation against him or members of his family. He also requested no contact be made with his daughter, [redacted], since he felt this would upset her further and could possibly jeopardize her employment. He did not state why he felt this would occur.

b6
b7C

[redacted] stated he had abandoned all plans for publication of any material he has received from [redacted] and that, in fact, he would have to forfeit his Government pension should he receive outside income. He said his purpose in contacting the FBI at this time was to cause an end to the harassment of him and his family, which they have suffered for over four years.
